

Standard Operating Procedures

Equipment Decontamination Statement

To ensure the safety of CB personnel working on equipment that has been in service, this form must be completed and returned prior to shipping equipment to CB Process Instrumentation & Controls. Please note that equipment received that has not been decontaminated, will be returned to site "as is." The equipment must be decontaminated to a state where it poses no health or safety risks. A return authorization number will be issued after receipt of this form by CB Process Instrumentation & Controls. The completed Decontamination form with reference to the return authorization number, must accompany the equipment to CB Process Instrumentation & Controls.

Confirmation of Decontamination

I confirm that the equipment listed below has been decontaminated and poses no health or safety risks.

Process Media in contact with the Equipment: _____

Company Name: _____

Site Address: _____

Cell/Phone number: _____
